DATA2000

PAYROLL FEATURES

**NEW:** Send direct deposit stubs directly to employee's email address

Forward payroll reports in PDF format directly to your email address

Payroll submission sent to us either via website entry, email using an EXCEL spreadsheet provided by us, phone, fax or from automated time clocks, provided the time clock software can generate ASCII output

Website access to employee payroll information, with optional printing or exporting of data and employees can access paystubs for any time period

Multiple checks per person per payroll and multiple direct deposits per employee

Allow for up to nine different payrates for each employee with the ability to define each payrate as taxable or non-taxable and allocate the dollars to the appropriate General Ledger accounts

Accrue and report earned sick, vacation and personal time on a calendar or anniversary schedule with information printed on the employee check stub by current period, quarter and year to date

New hire reporting to appropriate state agencies per authorization from you

Report federal and state unemployment (FUI/SUI) by division/department weekly, monthly, quarterly and year-to-date on the payroll register report and also withdraw FUI/SUI dollars out of your designated account each payroll and distribute these funds quarterly, assisting in your cash flow

Add employer HSA match to HSA employee contribution and direct deposit the total contribution to the employees' HSA accounts

Compute employer 401(k) match and print on the employee check stub; forward 401(k) reports and/or submit contributions to your brokerage firm via website entry

Calculate and submit workers' compensation premiums every payroll simplifying annual reporting, reducing annual premium adjustments and assisting with cash flow

Provide workers' compensation reports for any date window and allow auditors to come to our office for payroll records review as necessary

Send payroll journal entries in Quickbooks IIF format for importing into a Quickbooks ledger

Export payroll data to EXCEL in a comma delimited format for your payroll analysis

Submit 1120 and 945 payments via EFT

Calculate and deduct our fees from your designated bank account either weekly or monthly
